A Great Gift Idea...

Oneida Castle Veteran Memorial

Dear Friends and Neighbors,

The Village of Oneida Castle unveiled plans during our Community Day Event to build a veterans memorial. The memorial will be built on the corner of First Street and State Street where Castle Hall once stood. Incorporated in the design is a 5'x12' section of the entrance for engraved brick pavers. There are large prints of the memorial design on display in the main entrance of the Village Hall if you wish to view them. I have put together a committee dedicated to this project. It is our intent to fund the construction of the memorial through fund raising and donations only.

We have engraved brick pavers available for sale for you to honor your loved ones. They will be set in the 5'x12' section mentioned above. We are offering 4"x8" engraved pavers to Oneida Castle residents for \$75.00 each. This is discounted from the regular price of \$100.00.(discount offer is for Oneida Castle residents only). All payments and donations are tax deductible. Each brick has up to 3 lines of text available and one emblem or logo of choice. There is no limit to the number of bricks a resident may purchase. All bricks will be red with black engraving.

Other monetary donations of any size are welcome and appreciated. We need to raise \$60,000.

With your support, our goal is to have this memorial completed by Independence Day 2015. Please help us honor our veterans with your donation.

Sincerely, Christopher Bishop

Memorial Design

The main focal point of our memorial is a bronze eagle 6' tall and 5' wide. The eagle will rest atop a 6 sided brick faced pedestal that is 7' high. On one side of the pedestal, a bronze plaque will read: "All gave some-some gave all" dedicated to the memory of all who proudly served and protected their country. The remaining 5 sides of the pedestal will have bronze emblems signifying the 5 branches of the military. Six flagpoles will be placed behind the pedestal flying the flags of the 5 branches along with the American flag. There will be 4 walkways leading to the memorial: First Street, the parking lot near the Church, and 2 from the State Street sidewalk. A 5'x12' section of the entrance will contain the engraved brick pavers. The greenery will include a tall hedge, flowering trees and low profile globe bushes around the concrete pad. The Oneida Castle sign that is currently located in front of the elementary school will be moved to the corner of the memorial lot. A photo of the former Village Hall will be displayed along with a story board.
